Practical Assignment 10

Pratham Sharma, AC-1232

Question :

Create an HTTP server using Node.js which handles requests on port 10000 or a free port beyond 10000. Modify the server in such a way that opening localhost:10000 will display “Hello world, This is my Node.js server” on browser.

Code :

Index.js

```
var http = require("http");
http
  .createServer(function (req, res) {
    res.write("Hello World, This is my Node.js server.");
    res.end();
  })
  .listen(8000);
```

Output
